Notable features:

Number 103 is a taller building, slightly richer in style with nice door detail and tree in front. Numbers 105 and 107 are a matched pair with simple cornice, interesting door treatment and good proportions. Original metal work remains at 103 and 107.

Environmental context:

Number 103 is vacant. There is a large vacant lot south of 103; Vine Street and vacant lots to rear isolate this group, but it is of scale and good proportions to stand alone. Street is wide but not busy. Across-street scale is good. Large Linden street tree at 103 helps; more trees are needed.
